PLATINUM CO2 FRACTIONAL LASER

The CO₂ Fractional Laser is an advanced resurfacing system designed for skin rejuvenation, scar reduction, and surgical precision. Its fractional technology ensures effective treatment with minimal downtime, making it ideal for skin clinics and aesthetic practices. The system supports multiple treatment modes including vaginal rejuvenation and surgical cutting.

Specifications

Wavelengths : 10600 nm

Power : 30 W

Work Mode: Scanning mode (Normal, Random, Midsplip), Single Pulse, Multiple Pulse, Continuous Wave.

Beam Delivery: 7 joints light arm

Light arm : 1.36m

Aiming Beam: Red diode laser (630~650nm , ≤5 mW)

Spot size : 0.05 mm (±10%)

Fractional Mode Pulse: Duration 0.1~1000ms , Interval 0.1~1000ms and Distance 0.2~2.6mm , Time 1~20th

Laser unfractionated : Single Pulse 0.1~100ms , Multiple Pulse 0.1~100ms , Continuous Wave 1~30W

Key Features

- ✓ Fractional Scanning with Adjustable Shapes & Sizes
- ✓ Multiple Treatment Modes: Fractional, Vaginal, Surgical
- ✓ Touchscreen Interface with Smart Control Panel
- ✓ Customizable Depth, Energy & Pulse Width Settings
- ✓ Minimized Downtime with Precise Thermal Control

Various Shapes, Handpieces and Gynecology Handpieces

YAG

755 nm

808nm

1064nm

Laser Hair Removal

Diode laser hair removal comes with a 755 + 808 + 1064 triple wavelength laser stack with semiconductors technology.

Carbon Laser Peel

We are committed to providing innovative solutions that will help create a better tomorrow for everyone.

Tattoo Removal

Laser tattoo removal is a non-invasive cosmetic procedure that uses high-powered lasers to break down the ink particles in a tattoo. The laser emits specific wavelengths of light that are absorbed by the tattoo ink, causing it to fragment into smaller pieces.

Before and After

ISCUPT PLUS

The iSculpt Plus combines advanced, clinically proven High-Energy Focused Electromagnetic Wave technology to deliver comfortable, noninvasive treatments for muscle growth and fat reduction.

Applications

BODY
CONTOURING

SKIN
TIGHTENING

ANTI-
CELLULITE

FAT
REDUCTION

Key Features

- ✓ The machine allows for short-term treatment of 20-30 minutes, with recommended sessions of 4 treatments spaced 2-3 days apart. The results can start to be noticeable within two to four weeks.
- ✓ It offers three working modes—Sport Mode, Gentle Mode, and Professional Mode—tailoring the intensity of the treatment according to user's needs.
- ✓ The machine operates with a magnetic wave energy of 0-7 Tesla, a power output of 4300W, and a frequency range between 1-100Hz. It features a 10.4-inch screen for control and comes with four treatment handles, allowing it to treat up to four areas simultaneously.

Before and After

SKIN CODE PRO

Advanced RF micro needling machine combines micro needling with radiofrequency technology to rejuvenate the skin. During the procedure, micro-injuries are created in the skin's surface while radiofrequency energy is delivered into deeper layers, stimulating collagen and elastin production

Applications

Wrinkles

Acne scars

Large Pores

Skin Texture

Key Features

➤ Advance Vacuum

The updated RF microneedling system integrates vacuum technology to enhance topical penetration. With a unique dual air chamber design, it effectively pushes topicals deeper into the skin. Enhanced tissue engagement ensures optimal air capture, while microneedles create channels for precise delivery of RF energy.

➤ Fractional Rf applicator

The fractional RF applicator of the Skincode Pro delivers targeted radiofrequency energy deep into the skin, stimulating collagen production and promoting skin tightening. This non-invasive technology allows for precise treatment of wrinkles and fine lines without the need for needles,

HIFULDM

HiFULDM combines two waves technologies in one platform.

A skin lifting and remodeling, multi skin layers targeting facial system through non-invasive ultrasonic technology

HiFU : High intensity focused ultrasound, for facial contouring; lifting from within the skin.

HiLDM : High intensity local dynamic micro-massage, for promoting collagen, elastin synthesis, hydration, and complex skin problem management.

Key Features

HiFU Therapy

High intensity focused ultrasound for facial lifting, elasticity, wrinkles, facial contour management

HiLDM Therapy

High density multi-frequency ultrasound for collagen, elastin synthesis & waterful facial lifting care

Non-Surgical

Non-invasive, precise facial lifting

Customized Treatment

Combined usage of HiFU & HiLDM for customized treatment

HiFU

'High-Intensity Focused Ultrasound'

By irradiating strong ultrasonic energy, it forms a thermal coagulation point on a specific area of deep tissue, resulting in the instant lifting of skin without damaging the epidermis.

- 50~65°C heat occurrence in skin tissue (Coagulative Necrosis)
- Induces collagen and elastin fiber resynthesis through contraction of specific tissues.
- Provides natural lifting & improved elasticity through non surgical method.

HiLDM

Localized Dynamic Micro-massage/wave

Provides solutions to complex skin problems by maintaining balance within the extracellular matrix (ECM) using the modulation stimulation of 4 different frequencies (1,3,10,17MHz).

- Ultrasound treatment of up to 4 frequencies available (5 programs for different skin types)
- Suitable for pre/post clinical treatment care
- Treatment of various skin concerns (skin aging, acne etc.)
- Skin treatment through the optimization of regenerative immune system

HYDRATE+

Hydrate + brings you latest technologies, which can solve almost all facial skin problems. It is the best choice for skin clinics and beauty salons. The instrument is equipped with many of the most commonly used treatment functions, including cleaning, hydrating, lifting and firming, sedation, dead skin removal and skin analysis.

Applications

Skin Analysis Deep Cleansing Skin Brightening Skin Hydration

Key Features

- ✓ HYDROGEN OXYGEN HYDRO DERMABRASION HANDLE
- ✓ COOL RF AND COLD HAMMER HANDLE
- ✓ POLYMER ATOMIZING SPRAY HANDLE

ATACHE

DERMATOLOGICAL CARE

Since 1932

OUR HISTORY

It all began in 1932 in Dénia (Alicante) when an apothecary decided to expand his professional activity towards developing and formulating new products to care for and maintain the skin's health.

In 1972, the laboratory joined the Asacpharma Group. During this phase, products were unified under the "Atache" brand with the aim of coherently increasing the brand's influence.

At this point, the new brand, Atache, was headed up by Pepa Sivera Timoner, the first managing director at the company. A woman who worked hard to reach that position and fulfil her dreams, driving her true passion: dermocosmetics.

In 1989, we launched the first product containing pure retinol for topical use, setting a precedent from which a multitude of antioxidant products, based on superoxide dismutase, would be launched. At this point, our products' expansion was now a reality thanks to their incredible acceptance by consumers, in addition to health professionals.

Today, Atache is present in more than 50 countries across the world, which serve as our inspiration, given that our enthusiasm will continue to perfectly guide our products, the expansion to new markets and, above all, our defence of the skin's health.

OILY SK

TREATMENT INDICATIONS

RECOMMENDED TO

Oily and acne-prone skin. Oily SK, effectively and rigorously associates a series of active ingredients that thoroughly cleanse and regulate localized sebaceous secretions, especially in the T-zone

Its seborregulator, normalizing properties of follicular keratinization and bacterial flora are outstanding, healing and anti-inflammatory, maintaining the hydration of the skin.

WHEN TO START THE PROGRAM?

At any time we want to give a matt, clean, healthy and fresh appearance to the oily skin and provide sebo-regulating properties, normalizing follicular keratinization and bacterial flora.

Specially to maintain the hydration of the skin and decrease the size of the pore.

CLEANSING GEL

BOTTLE VOLUME 500 ML

- Regulating facial gel, used daily for the care of oily and/or acne-prone skin. An essential step to clean, purify, and remove shine from the skin. **Ingredientes activos:** Salicylic Acid, Zinc PCA, Chlorhexidine Digluconate, Menthyl Lactate, Allantoin, Essential Oils (Citrus Limonum and Mentha Piperita).

LOTION

BOTTLE VOLUME 500 ML

- Special toning and purifying lotion formulated with ingredients that regulate bacterial flora normalize sebaceous secretion in oily and/or acne-prone skin. The toner removes the shine and prepares the for the Oily SK treatment. **Ingredientes activos:** Chlorhexidine Digluconate, Salicylic Acid, Zinc PCA, Menthyl Lactate, Allantoin.

PURIFYING MASK

TUBE VOLUME 100 ML

- Innovative purifying mask for restoring balance to oily and/or acne-prone skin. **Ingredientes activos:** Kaolin, Zinc Oxide, Sulfur, Allantoin, Bisabolol, Menthyl Lactate.

BALANCING CREAM

TUBE VOLUME 200 ML

- The select and exclusive range of active ingredients helps balance and purify oily and/or acne-prone skin. Maintains skin's optimal pH and normalizes sebaceous secretion. Restores the skin's vitality and matte appearance while providing a sensation of freshness. **Ingredientes activos:** Enantia chlorantha, Oleanolic acid, Plantago lanceolata, Malic Acid, Panthenol, Aloe Barbadensis gel, Hidroviton-24.

GET RESULTS

Vital Age

○ SERUM 2

Powerful intensive anti-ageing night serum formulated with pure retinol and coenzyme Q10. An ideal combination to treat the visible signs of ageing and damage caused by photoageing. It also provides smooth and revitalised-looking skin that's soft to the touch from the first application.

○ WRINKLE ATTACK NIGHT

Formulated with vitamin A and shea butter, it acts on expression lines and photoageing, while nourishing and regenerating the skin. It's especially suitable for dry skin, affected by sun damage and/or with visible signs of ageing.

○ WRINKLE ATTACK DAY

Visibly reduces wrinkles, expression lines and other signs of ageing. Its composition provides complete hydration to cracked, aged or damaged skin.

○ EYE WRINKLE ATTACK

This eye serum restores balance to damaged or ageing skin. Formulated with retinol and coenzyme Q10, it increases collagen synthesis.

OxygenCeuticals

breathe life into your skin

The Best of Korean SkinCare

OxygenCeuticals

breathe life into your skin

Medical Aesthetic Brand for Skin Management Programs

OxygenCeuticals, a medical aesthetic cosmetic brand specialized in skin management. OxygenCeuticals cosmetics are infused with pure oxygen that is not chemically derived and are suitable for all skin types including sensitive skin. The COIZ Oxygen Complex, along with cosmeceutical grades ingredients effectively soothes and relieves skin from stress.

Pure Oxygen

01

Anti-Aging

Pure oxygen functions as an anti-oxidant to neutralize and remove free radicals activities that cause skin aging. Pure oxygen revitalizes skin. Breathe life into your skin!

02

Collagen Production

Pure oxygen helps in the production of collagen, which is essential for skin elasticity.

03

pH Regulation

Pure oxygen balances skin pH. It also protects the skin from harmful substances by removing anaerobic bacteria.

Cleansing Peeling

CLEANSING / PEELING

Double MakeUp Remover 320ml OCP0088 / 110ml OCR0032

A botanical oil-based cleanser for removing makeup from eyes, lips, and face. Cleanses without causing irritation. Good for all skin types including sensitive skin.

Main Ingredient

Soybean Oil (Protects skin) / **4 Vegetable Oils** (Apricot Kernel – Brightens skin, Macadamia Ternifolia Seed Oil – Cleanses impurities, Meadowfoam Seed Oil - Moisturizes skin, Jasmine Oil – Enhances skin elasticity) **Dendropanax Morbiferus Extract** (Increases skin firmness and brightens skin tone)

How to use

- **Use as cleansing oil** : Take adequate amount. Mix with water. Then gently rub all over the face. Rinse with lukewarm water. Follow up with second step cleansing by using the Pore Mask or Purifying Foaming Wash.
- **Use as a makeup remover** : Put adequate amount on cotton pads. Leave cotton pads on eyes or lips for 10 to 15 seconds. Then gently wipe off.

Gentle Facial Cleansing Lotion 1000ml OCP0120 / 250ml OCR0040

Gentle, non-greasy, and non-irritating cleanser with milky texture. Effectively removes makeup and impurities without drying out the skin.

Main Ingredient

Safflower Seed Oil (Maintains moisture) / **Kyounin Yu** (Nourishes skin) / **Algin** (Moisturizes skin)

How to use

Take adequate amount. Gently rub all over face. Use tissue, cotton pad, or sponge to remove. Follow up with 2nd step of cleansing by using the Pore Mask or Purifying Foaming Wash.

Pore Mask 500ml OCP0070 / 200ml OCR0035

A foamy cleanser with rich bubbles. Contains Stearic Acid, a natural fatty acid that effectively absorbs and removes impurities.

Main Ingredient

Lavender Oil (Controls sebum) / **Stearic Acid** (Smooths skin) **Portulaca Oleracea Extract** (Antimicrobial, anti-inflammation)

How to use

Take adequate amount. Lather with water. Gently apply on skin and rub. Rinse with lukewarm water.

Purifying Foaming Wash 320ml OCP0065 / 100ml OCR1032

A gel type of sub-acid cleanser with pH 5.0. Cleanses sensitive and troubled skin without causing irritation.

Main Ingredient

Dimethyl Sulfone (Anti-inflammation) / **Rehmannia Glutinosa Root Extract** (Protects skin) **Saururus Chinensis Leaf/Root Extract** (Antimicrobial, anti-inflammation) **Prunus Armeniaca (Apricot) Kernel Extract** (Protects skin)

How to use

Take adequate amount. Lather with water. Gently apply on skin and rub. Rinse with lukewarm water.

Sensitive skin

Skin irritant patch tested

Double Peel 50ml OCP0100

Oily skin

Chemical exfoliator that removes dead skin cells effectively with 24.5% AHA and 0.5% BHA. Contains panthenol which soothes, moisturizes, and reduces inflammation.

Main Ingredient

AHA (Lactic Acid/Glycolic Acid-Exfoliation) / **BHA** (Salicylic Acid-relieves skin troubles)
Panthenol (Moisturizes skin)

How to use

After toner, apply adequate amount on skin (avoid areas near the eyes)
Rinse with water. (Leave on for 1~2 min (normal skin) or 2~3 min (oily & troubled skin))

TIP) for blackhead management

- ① Apply on T-zone.
- ② Cover with cotton pads soaked with plenty of Cryogenic Activator.
- ③ Leave on for 10 mins and gently wipe off the peel & sebum with cotton pad.

Daily Botanicals Enzyme Peel 250ml OCP0130 / 75ml OCR0045

Physical exfoliator with pineapple and papaya extracts. Exfoliates dull skin and unclogs pores to remove dead skin cells without causing irritation. Suitable to use on sensitive skin.

Main Ingredient

Ananas Sativus (Pineapple) Fruit Extract (Exfoliation) / **Papaya Fruit Extract** (Tightens pores)
Calendula Officinalis Flower Extract (Protects skin)

How to use

- After toner, apply adequate amount onto moistened face or neck.
Gently rub to exfoliate and then rinse with lukewarm water.
- Use 1-2 times a week depending on skin type.

HOW TO USE

Pore Mask / How to care

- ① Mix one pump of **Pore Mask** and **Cryogenic Activator** (10~15ml)
- ② Lather the mixture and apply the foam on face gently to remove impurities. Then wipe off with sponge.

Toner

D:O₂ Activator 50ml OCR2050

Oxygen facial mist for post care

Double oxygen skin booster with pure oxygen that instantly soothes and moisturizes the skin after aesthetic procedure.

Main Ingredient

Sea Water (Enhances skin immunity) / **Oxygen** (Soothes & regenerates skin)

Hydrogenated Starch Hydrolysate (Moisturizes skin)

How to use

- Spray adequate amount onto face at toner step after cleansing.
- Reapply onto skin as needed.

SKIN RECOVERY

Oxygen Mist Protocol

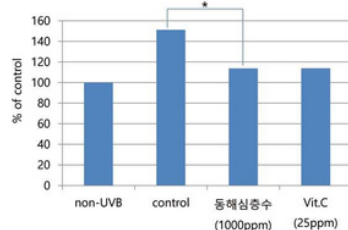

Polyurthane foam

Effects and Benefits of Oxygen Mist Therapy using D:O₂ Activator after treatment

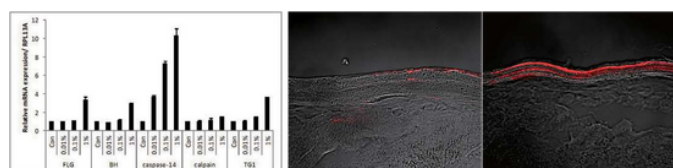

- Fewer dead skin cells
- Wound healing process can be observed
- Less discomfort
- 40% faster recovery as the skin remains moist and scar doesn't crust.

Antioxidative Effect

- The effect of deep East Sea water in inhibiting the production of ROS has been tested and proven by irradiating ultraviolet light on skin treated with deep sea water.
- Deep sea water in the East Sea inhibits the production of ROS in a concentration-dependent manner
- There is a significant decrease in the production of ROS when treated with 1,000ppm deep sea water.

Natural Moisturizing Factor (NMF)

Control Deep Sea Water (East Sea)

- Increase in filaggrin production observed when treated with 1000ppm of deep sea water extracted from the East Sea.
- The skin moisturizing effect of deep sea water in East Sea as a result of the increase in filaggrin production has been tested.
- Increase the production of natural moisturizing factors

TONER

Cryogenic Activator 1000ml OCP1140 / 150ml OCR2030

Skin irritant patch tested

Contains high amount of dissolved oxygen and minerals from the deep sea water. Soothes and regenerates skin after plastic surgeries or other facial treatments such as LASER, peeling, microneedling therapy, etc.

Main Ingredient

Sea Water (Strengthens skin immunity) / **Oxygen** (Soothes & regenerates skin)

How to use

- Use as solution during Oxygen treatment.
- After surgery or facial treatment, use as mist or mummy mask (for soothing) by wetting the cotton pads.

Skin Balancing Toner 1000ml OCP2120 / 300ml OCR2048

Oily, combination skin

Toner with pH 5.5. Regulates sebum and moisture balance after cleansing. Improves skin texture, moisturizes, and strengthens skin immunity with herbal ingredients.

Main Ingredient

Centella Asiatica Leaf Extract (Soothes skin) / **Lavender Extract**-(Controls sebum)
Freesia Refracta Extract (Soothes skin)

How to use

At toner step, use cotton pad to apply toner to face.

Nutrient Toner 1000ml OCP3120 / 300ml OCR3048

Dry skin

Essence type toner suitable for dry and aging skin. Nourishes and hydrates the skin, making it soft and smooth.

Main Ingredient

Sodium Hyaluronate (Moisturizes skin) / **Portulaca Oleracea Extract** (Protects skin)
Allantoin (Soothes skin)

How to use

At toner step, use it with cotton pad to apply it to skin or use as mask pack (with cotton pad) to put it on dry area.

Toning Gel 1000ml OCP8160 / 200ml OCR1068 / 50ml OCR1030

Improves appearance of lines and wrinkles

Dry skin

Centella Asiatica and Glycyrrhiza Glabra Root Extracts in Toning Gel relieve sunburn, atopy, irritation, and pain on skin after facial treatments.

Main Ingredient

Centella Asiatica Leaf Extract (Soothes skin) / **Glycyrrhiza Glabra** (Licorice) **Root Extract** (Controls sebum) / **Adenosine** (Improves wrinkles) / **Allantoin** (Soothes skin)

How to use

- Apply adequate amount to face at toner step.
- Mix with Clarifying Mask or HA Gel to use as soothing pack or as a base before or after facial treatments.

Fluid

FLUID

Skin Barrier Fluid 50ml OCR4095

Elasticity Dry skin

Improve appearance of lines and wrinkles

A skin elasticity booster formulated with Adenosine, Hydrolysed Collagen, and Sodium PCA to enhance elasticity. Leaves the skin looking youthful, silky, and soft.

Main

Ingredient

Adenosine (Enhances skin elasticity) / **SodiumPCA** (Moisturizes skin) / **Lonicera Japonica (Honeysuckle) Flower Extract** (Anti-inflammation) / **Hydrolyzed Collagen** (Enhances skin elasticity)

How to use

- Use at ampoule step before serum.
Apply adequate amount and pat gently onto skin until it is absorbed.
- Mix with Moisture Aqua Serum for better results.

Acell-300 Fluid 50ml OCR1095

Hydrating Dry skin

Patented ingredient, Acell-300 (Polygonum Cuspidatum Root Extract & Prunella Vulgaris Leaf Extract) helps strengthen the skin and helps create a protective barrier to keep the skin moisturized.

Main

Ingredient

Polygonum Cuspidatum Root Extract (Clears up complexion) / **Prunella Vulgaris Leaf Extract** (Anti-inflammation) / **PEG-8 Caprylic/Capric Glyceride** (Smoothens skin)

How to use

- Use at ampoule step before serum.
Apply adequate amount and pat gently onto skin until it is absorbed.
- Mix with Moisture Aqua Serum for better results.

Caviar Protein Fluid 50ml OCR5095

Nutrient Brightening function

Improve appearance of lines and wrinkles

An anti-aging fluid formulated with Caviar Extracts enriched with amino acids and Omega-3 to feed the skin with rich nutrients. Niacinamide, Adenosine, and Peptide even up the skin tone and improve skin elasticity.

Main

Ingredient

Caviar Extract (Nourishes skin) / **Adenosine** (Enhances skin elasticity)
Niacinamide (Improves skin tone) / **Palmitoyl Tripeptide-5** (Enhances skin elasticity)

How to use

- At ampoule step, apply adequate amount and pat gently onto skin until it is absorbed.
- For best results, layer with Age Defying Caviar Cream.

Fermented Fluid 50ml OCR0095

Improves skin tone Lighten skin tone

While Fructan Extract moisturizes skin, Arbutin and Niacinamide work in synergy to reduce melanin and reveal clearer and brighter skin.

Main

Ingredient

Fructan (Moisturizes skin) / **Arbutin** (Clears up complexion) / **Niacinamide** (Improves skin tone)

How to use

- At ampoule step, apply adequate and pat gently onto skin until it is absorbed.
- It is recommended to mix with Moisture Aqua Serum and use.

Couperose Fluid 50ml OCR2095

Skin irritant patch tested

Sensitive skin

A soothing fluid packed with Hydrolyzed Collagen that helps in the recovery of damaged skin. Calms redness, atopy, and sensitive skin.

Main Ingredient

Hydrolyzed Collagen (Enhances skin elasticity) / **Sodium Hyaluronate** (Moisturizes skin)
Aloe Barbadensis Leaf Extract (Soothes skin) / **Rosa Centifolia Flower Water** (Clears up complexion)

How to use

- At ampoule step, apply adequate amount and gently pat the skin until it is absorbed.
- It is recommended to layer with Couperose Cream for better soothing result.

Herbal Fluid 50ml OCR3095

Oily, combination skin

A trouble care targeted fluid. Enriched with anti-acne complex to balance sebum secretion and minimize pores to reveal healthy dewy look.

Main Ingredient

Salicylic Acid (Exfoliation) / **Sodium PCA** (Moisturizes skin)
Anti-Acne Complex (Terminalia Chebula Fruit Extract, Caesalpinia Sappan Bark Extract, Magnolia Obovata Bark Extract-Relieves skin troubles)

How to use

- Use at ampoule step before serum. Apply adequate amount and pat gently onto skin until it is absorbed.
- It is recommended to use for acne spot treatments.

TIP) Use as spot ampoule on pimples and treat with CT Mask for effective soothing care.

FLUID BEAUTY TIPS

- ① At basic skincare step, select the Fluid appropriate for your skin. Recommended to mix with Moisture Aqua Serum and use.
- ② Mix OxygenCeuticals Cream with appropriate amount of Fluid and use.

Serum Essence

360 Eye Perfection Duo

Serum 15ml + Cream 35ml OCK0090 / 70ml OCP6105

Skin irritant patch tested

Brightening function

Improve appearance of lines and wrinkles

This moisture-rich eye serum and cream is formulated with collagen and NMF (natural moisturizing factor) to depuff, hydrate, and soften fine lines around eyes area.

Main Ingredient

Adenosine (Enhances skin elasticity) / **Niacinamide** (Improves skin tone)

Hydrolyzed Collagen (Enhances skin elasticity)

How to use

- Age Defying Eye Serum → Contour Firming Eye Cream
- Apply adequate amount and massage around eye area until it is absorbed.

Moisture Aqua Serum 250ml OCP2240 / 50ml OCR2075

An ultra-hydrating serum, packed with Sodium Hyaluronate and Jojoba Oil, that retains moisture and keeps skin hydrated. Suitable for acne, dry, oily, and other skin types.

Main Ingredient

Sodium Hyaluronate (Moisturizes skin) / **Jojoba Oil** (Controls sebum, Moisturizes skin)

Arginine (Moisturizes skin) / **Propolis Extract** (Anti-inflammation)

How to use

- At serum step, apply adequate amount and pat gently until it is absorbed.
- For best results, mix with Fluid that is suitable for your skin type.

Contour V Gel 500ml OCK8072

Premium gel containing Azulene that soothes sensitized skin.

Main Ingredient

Sodium Guaiazulene Sulfonate (Soothes skin) / **Cimicifuga Racemosa Root Extract** (Soothes redness)

Sophora Flavescens Root Extract (Relieves skin stress) / **Centella Asiatica Extract** (Soothes skin)

How to use

Ceutisome Ampoule (by skin type) → Contour V Gel → HiFULDM → Ceutisome Mask (by skin type)

- **For HiFULDM treatment** : Use as base gel for more effective treatment.
- Increased benefits/results when using ampoule according to skin type or ultrasound gel.

Cream

Hydrating Cream 250ml OCP6260 / 50ml OCR6088

Brightening function

Moisture-rich cream packed with Edelweiss Callus Culture Extract that brightens skin tone, replenishes moisture, and revives radiance

Main Ingredient

Leontopodium Alpinum Callus Culture Extract (Moisturize & soothes skin)
Niacinamide (Improves skin tone) / **Sclerotium Gum** (Forms skin barrier)

How to use

- Apply adequate amount and pat gently onto skin until it is absorbed.
- It is recommended for unbalanced, rough, or dull skin.

Age Defying Caviar Cream 50ml OCR7090

Brightening function

Improve appearance of lines and wrinkles

A dual-function cream enriched with Caviar Extract. Helps even out skin tone and improve appearance of visible aging.

Main Ingredient

Caviar Extract (Moisturizes & nourishes skin) / **Adenosine** (Improves wrinkles)
Niacinamide (Improves skin tone) / **Joboba Seed Oil** (Smoother skin)

How to use

- Apply adequate amount and pat gently onto skin until it is absorbed.
- It is recommended for dry, rough skin, or premature sagging skin.

Couperose Cream 200ml OCP6180 / 50ml OCR9070

Skin irritant patch tested

Sensitive skin (Redness prone, irritated)

A soothing cream enriched with 7 types of botanical extracts. Calms redness prone skin and fortifies skin barrier to reveal healthy complexion.

Main Ingredient

Solanum Lycopersicum (Tomato) Fruit/Leaf/Stem Extract (Moisturizes & regenerates skin)
Turnip Extract (Soothes skin) / **Ceramide NP** (Enhances skin barriers)

How to use

- Apply adequate amount and gently tap until it is absorbed.
- It is recommended to use Couperose Fluid first and layer with Couperose Cream for better soothing & calming benefits.

PP Cream 200ml OCP6280 / 50ml OCR6090

Sensitive skin

Brightening function

Improves appearance of lines and wrinkles

A Peptide cream promoting cell turnover to gently resurface skin and even skin tone for more radiant-looking skin.

Main Ingredient

Palmitoyl Tripeptide-5 (Enhances skin barriers) / **Niacinamide** (Improves skin tone)
Adenosine (Enhances skin elasticity)

How to use

- Apply adequate amount and gently pat onto skin until it is absorbed.
- It is recommended to use for post invasive aesthetic procedures to accelerate in skin renewal.

CREAM

Skin Barrier Ato Cream

120ml OCP6140 / 20ml OCR6028

Skin irritant patch tested

Sensitive skin

A protective cream formulated with Fucoidan V. Creates a protective barrier and delivers hydration to sensitive and damaged skin.

Main Ingredient

Fucoidan V (Moisturizes & enhances skin barriers) / **Shea Butter** (Moisturizes skin)
Centella Asiatica Leaf Extract (Soothes skin)

How to use

- Apply adequate amount and pat gently onto the skin until it is absorbed.
- It is effective for atopic dermatitis or post chemical peels.

Anti Oxidant Cream 250ml OCP7260 / 50ml OCR7088

Improve appearance of lines and wrinkles

A powerful anti-aging cream packed with Adenosine and Eldelweiss Callus Extract to improve visible signs of aging by stimulating collagen production.

Main Ingredient

Leontopodium Alpinum Callus Culture Extract (Moisturizes & soothes skin)
Adenosine (Improves wrinkles)/ **Squalene** (Moisturizes skin) / **Dryopteris Crassirhizoma Extract** (Tightens skin)

How to use

- Apply adequate amount and gently pat onto the skin until it is absorbed.
- It is suitable for aging and dry skin.

Vitamin E Daily Moisturizer 500ml OCP6120

A light weight cream formulated with Vitamin E, a natural antioxidant. Lifts away dryness, leaving the skin feeling fresh, silky-soft, and youthful.

Main Ingredient

Tocopheryl Acetate (Vitamin E) (Forms skin barrier) / **Grapefruit Peel Oil** (Tightening effect)
Centella Asiatica Leaf Extract (Soothes skin)

How to use

- Apply adequate amount and gently pat onto skin until it is absorbed.
- It is recommended for oily skin with pimples as finishing cream.

BB·Sun Care

TP Sun Cream SPF50 PA+++ 50ml OCR6066

Protects through from UV rays

A featherlight daily sunscreen with SPF 50 +++, Shields skin from harmful UVA and UVB to prevent premature aging while delivering moisturizing factors into skin.

Main Ingredient

Titanium Dioxide (Mineral sunscreen) / **Ethylhexyl Methoxycinnamate** (Chemical sunscreen)
Sodium Hyaluronate (Delivers hydration) / **Allantoin** (Soothes skin) / **Tocopheryl Acetate** (Protects skin)

How to use

- Apply adequate amount and pat evenly onto the skin.
- It is suggested to use Intensive Blemish Balm and O₂ Cushion after TP Sun Cream to reveal healthy glowing skin.

Leports SunBlock SPF50 PA+++ 120ml OCR6070

Protects through from UV rays

Water-resistant sunscreen ideal for outdoor activities or sports. Provides both UVA and UVB protection. (Used for both face and body)

Main Ingredient

Titanium Dioxide (Mineral sunscreen) / **Ethylhexyl Methoxycinnamate** (Chemical sunscreen)
Sodium Hyaluronate (Delivers hydration) / **Aloe Barbadensis Leaf Juice Powder** (Soothes skin)
Tocopheryl Acetate (Protects skin)

How to use

After skin care, apply adequate amount and pat it evenly onto skin.

Intensive Blemish Balm 50ml OCR6078

Multi-action BB cream formulated with Oligopeptide that helps in cell turnover, smoothes skin textures, and provides a natural, semi-sheer coverage for redness-prone and blemished skin.

Main Ingredient

Adenosine (Enhances skin elasticity) / **Sodium Hyaluronate** (Moisturizes skin)
Oligopeptide-1 (Strengthens skin barrier) / **Centella Asiatica Leaf Extract** (Soothes skin)

How to use

After applying TP Sun Cream, apply an adequate amount and spread gently onto face and blend.

O₂ Cushion SPF45 PA+++ (#21/#23)

15g*2 OCR6062

Protects through from UV rays

Brightening function

Improves appearance of lines and wrinkles

A 3-in-1 oxygen infused cushion foundation. It provides luminous finishing, intense hydration, and cooling effect, leaving the skin looking fresh and glowing.

Main Ingredient

Oxygen (Improves skin regenerating ability & soothes skin) / **Niacinamide** (Improves skin tone)
Adenosine (Enhances skin elasticity)

How to use

- Apply adequate amount and tap evenly over the face after skincare and sunscreen.
- Reapply every couple hours for better UV protection.

Mask · Body

Cryogel Velvet Mask 1Box (6ea) OCR1040

Brightening function

Improves appearance of lines and wrinkles

A premium facial mask that helps retain moisture and improve skin elasticity through its three-layered structure.

Main Ingredient

Niacinamide (Improves skin tone) / **Adenosine** (Improves wrinkles)
Hydrolyzed Collagen (Delivers hydration)

How to use

- After cleansing and toner step, apply it on the face properly.
- Remove the mask after 10 ~ 20 minutes and gently tap skin with fingertips to absorb remaining serum into skin.

TIP It is recommended to use 2-3 times a week and apply Fluid or HA Gel as a base for better results.

Ceutisome CC Mask 1Box (6ea) OCR3033

Skin irritant patch tested

It hydrates the skin and controls sebum secretion, preventing greasy skin. Furthermore, it cools down skin temperature in order to soothe flushed skin.

Main Ingredient

Xylitol (Cools down the skin) / **Hamamelis Virginiana (Witch Hazel) Extract** (Cools down the skin)
7-White (Purifies the skin)

How to use

- After cleansing step, prepare your skin with toner and adhere the sheet mask to your skin evenly.
- Remove the sheet mask after 10 ~ 20 minutes and gently rub the skin with remaining essence.

TIP It is more effective when you use this mask with Couperose Fluid and Couperose Cream.

Ceutisome AG Mask 1Box (6ea) OCR2033

Skin irritant patch tested

Brightening function

Improve appearance of lines and wrinkles

The nutritious essence including Caviar Extract will permeate deeply into the skin and make the tired skin more elastic and healthier.

Main Ingredient

Caviar Extract (Moisturizes & nourishes skin) / **Adenosine** (Improves wrinkles)
Sodium Hyaluronate (Moisturizes skin)

How to use

- After cleansing step, prepare your skin with toner and adhere the sheet mask to your skin evenly.
- Remove the sheet mask after 10 ~ 20 minutes and gently rub the skin with remaining essence.

TIP It is more effective when you use this mask with Caviar Protein Fluid and Age Defying Caviar Cream.

Ceutisome PP Mask 1Box (6ea) OCR4033

Skin irritant patch tested

It hydrates and regenerates irritated skin after medical procedure. Furthermore, it soothes sensitive and irritated skin caused by external stress and irritation.

Main Ingredient

Acetyl Hexapeptide-8 (Enhances skin elasticity) / **Ceramide NP** (Enhances skin barriers)
DNA (Improves skin texture) / **Centella Asiatica Extract** (Soothes skin)

How to use

- After cleansing step, prepare your skin with toner and adhere the sheet mask to your skin evenly.
- Remove the sheet mask after 10 ~ 20 minutes and gently rub the skin with remaining essence.

TIP It is more effective when you use this mask with PP Cream.

MASK / BODY

Clarifying Mask 600ml OCP7210

A skin purifying mask that removes excess sebum and dead skin cells while moisturizing the skin.

Main Ingredient

Kaolin (Controls the sebum) / **Ceramide** (Supplies water) / **Tocopheryl Acetate** (Forms skin barrier)
Orostachys Japonica Extract (Relieves skin swelling skin protection and antibacterial effects)

How to use

- Recommended to use as a base for Oxygen Modeling Mask or as a mud pack (10-15minutes)
(Wash off mask)

TIP Mix Clarifying Mask and Toning Gel with the ratio of 1:1 for skin soothing.

Brightening function

HA Gel 600ml OCP7240 / 50ml OCR7066

Improve appearance of lines and wrinkles

A 3-in-1 intensive hydrating gel that boosts skin moisture, improves appearance of wrinkles & fine lines, and evens up skin tone.

Main Ingredient

Sodium Hyaluronate (Moisturizes skin) / **Adenosine** (Skin's elasticity)
Niacinamide (Improves skin tone) / **Palmitoyl Tripeptide-5** (Enhances skin barriers)
Centella Asiatica Leaf Extract (Soothes skin)

How to use

- During Oxygen Therapy, apply Toning Gel and HA Gel with the ratio of 1:1 as a base before oxygen mask step.

TIP At home, mix Toning Gel and HA Gel at appropriate ratio and use as sleeping mask.
Not recommended to use on acne prone skin.

Active - C Massage Cream 1000ml OCP7080

A premium massage cream enriched with Vitamin C. It helps lighten, even up skin tone and improves elasticity. It is good especially for rough skin in needs of nutrients and hydration. (Used for both face and body)

Main Ingredient

VitaminC (Ascorbic Acid - Gives skin protection and antibacterial effects)
Centella Asiatica Leaf Extract (Soothes skin) / **Sodium Hyaluronate** (Delivers hydration)
Blackberry Fruit Extract (Vitalizes skin)

How to use

- Apply adequate amount and massage gently over the face and body.
- Wipe off what is left after massage. For better results, mix with suitable Fluid or Ultra X Cream.

Ultra - X Cream 1000ml OCP7100

Cream used during high frequency facial treatments. Improves skin elasticity, lymph circulation and relaxes muscles.(Used for face and body)

Main Ingredient

Allantoin (Soothes skin) / **Tocopheryl Acetate**(Forms skin barrier)
7 type of Plant Complex Extracts (Ginkgo Biloba Leaf Extracts, Honeysuckle Flower Extracts, Rhus Semialata Gall Extracts,Paeonia Albiflora Root Extracts,Peach Leaf Extracts, Scutellaria Baicalensis Root Extracts,Camellia Sinensis Leaf Extracts)

How to use

Apply adequate amount while doing high frequency facial treatments.

MASK / BODY

RT/CT/VC MASK RT - 1kg OCP6130 / 30g OCR6005, CT - 1kg OCP7130 / 30g OCR7005, VC - 1kg OCP8130 / 30g OCR8005

Premium modeling mask with more than 15% marine algae extracts. The Alginate exfoliates dead skin cells and at the same time hydrates, nourishes, and calms the skin.

Main Ingredient

RT Mask (Moisturizes & soothes skin) - Corn starch (Prevents skin drying)

CT Mask (Cools & soothes skin) - Peppermint (Soothes skin)

VC Mask (Brightens skin) - Panthenol (Delivers hydration) / Ascorbic Acid (Brightens skin)

How to use

- Mix 25 ~ 30g of Oxygen Modeling Mask with 70ml of purified water and use it.
- Spread it evenly over the face. Leave on for 15 ~ 20 minutes then peel off. Wipe away impurities with toner. For best results, mix with Cryogenic Activator or suitable Formula.

Jojoba Oil 1000ml OCP9220 / 45ml OCR9060

Fast-absorbing, hydrating 100% Jojoba oil for dry and flakey skin.

Main Ingredient

100% Jojoba Seed Oil (Sebum & oil-water balance control)

How to use

- Take adequate amount and gently massage over entire face at final step of skin care.

OxygenCeuticals Treatment Oil 1000ml

Enriched with botanicals extracts, OxygenCeuticals treatment oils promote luminescence, vitality and noticeable firmness.

How to use

Apply adequate amount and massage gently over the body for 10~15minutes. Then, wipe off with lukewarm water towel. Blend two types of treatment oil that are suitable to your skin for better results.

Ceutisome V Lifting

Spicule Regentox 5ml*6ea OCP8288

A skin restructuring ampoule with microneedle-like Spicule extracted from marine sponges. Stimulates skin cells turnover without leaving redness or irritation.

Main Ingredient

Hydrolyzed Sponge (Improves skin regenerating ability and elasticity) / **Palmitoly Tripeptide-5** (Enhances skin barriers) / **Adenosine** (Enhances skin elasticity)

* The black spots inside the products are not foreign substance. It is the raw ingredients from the Hydrolyzed Sponge.

How to use

Apply adequate amount and massage gently until it is absorbed.

It is recommended to use once a week for cell turnover.

TIP) After using Spicule Regentox, use Skin Barrier Ato Cream and PP Cream for quick healing and instant hydration boost.

Bio Matrix Collagen Kit 6ea*3pack+15ml*3ea OCP8240 6ea*1pack+15ml*1ea OCR8070

Improves skin recovery

An ultra-hydrating Collagen Kit enriched with 90% Pure Marine Collagen to promote plumper, brighter, firmer-looking skin.

Main Ingredient

Hydrolyzed Collagen (Revitalizes & hydrates skin) / **Sodium Hyaluronate** (Moisturizes skin)

How to use

- Dissolve Bio Matrix Collagen Ball in Ampoule Booster and apply on face & neck and massage gently until it is absorbed.
- It is recommended to use as a base for either Oxygen Modeling Mask or Cryogel Velvet Mask for better moisturizing benefits.

Glutathione Tone up kit Cream 50ml + Ampoule 5ml*2ea

Brightening function

A brightening kit combining two effective lighteners, Giga White (7 types of Swiss Alpine Plant Extract) and Glutathione, encourages the promotion of a brighter, more uniform complexion.

Main Ingredient

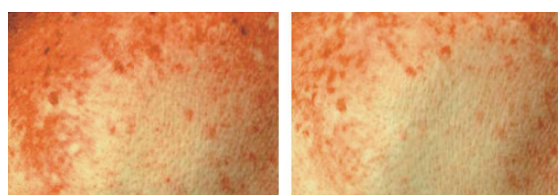

Glutathione (Brightens skin) / **Niacinamide** (Improves skin tone & enhances skin barriers)
7 Type Extracts of Giga White (Malva Sylvestris, Primula Veris, Peppermint, Alchemilla Vulgaris, Veronica Officinalis, Melissa Officinalis Leaf, Achillea Millefolium)

How to use

Glutathione Ampoule → Glutathione Tone up Cream

CEUTISOME V LIFTING

Ceutisome Moisture Shot Hydrating Ampoule + H Booster

5g*8ea OCP0180
2.5g*8ea OCP0160

Hydrating

Brightening · Anti-wrinkle functional

Moist-7 Complex moisturizes skin from deep within and retains moisture throughout the day to cultivate healthy and hydrated skin.

Main Ingredient

Sodium Hyaluronate (Moisturizes skin) / **MOIST-7 COMPLEX** (Moisturizes skin)

Moist 7 Complex : A complex composed of 7 types of Hyaluronic Acid (from micromolecular HA to macromolecular HA) allowing moisture to reach deep into the skin, leaving the skin healthy and hydrated throughout the day.

How to use

Combine Hydrating Ampoule + H Booster + Stem Formula and apply 1/3 of solution.

Ceutisome Calming Shot

Oilycom Ampoule + O Booster

5g*8ea OCP1180
2.5g*8ea OCP1160

Acne skin management

Contains Amino Acid Complex and Sh-Oligopeptide that protects and hydrates the skin, while helping acne prone skin by reducing bacteria on skin.

Main Ingredient

Amino Acids7 (Cell turnover) / **Citrus Junos Callus Extract** (Reduces pigmentation of areas with acne) / **Sh-Oligopeptide-33** (Prevents acne)

Naturally Derived Amino Acids : Regenerates epidermis by facilitating skin renewal cycle

How to use

Combine Oilycom Ampoule + O Booster + Stem Formula and apply 1/3 of solution.

Ceutisome Brightening Shot

Hyper Pigment Ampoule + P Booster

5g*8ea OCP3180
2.5g*8ea OCP3160

Improves skin tone

Brightening function

Contains VITAMIN PEPTIDE, which is a brightening & anti-oxidative peptide combined with vitamin, to cultivate healthy skin and effectively restrict melanin synthesis.

Main Ingredient

Arbutin (Prevents hyperpigmentation) / **Nicotinoyl Tripeptide-1** (Restricts melanin) / **Nicotinoyl Octapeptide-9** (Antioxidative) / **Herbal Complex** (Purifies skin)

Herbal Complex : Improves overall skin complexion by interfering with melanin synthesis, the biggest cause of hyperpigmentation.

How to use

Combine Hyper Pigment Ampoule + P Booster + Stem Formula and apply 1/3 of solution.

Ceutisome Anti Wrinkle Shot

Wrinkle Effect Ampoule + W Booster

5g*8ea OCP2180
2.5g*8ea OCP2160

Elasticity

Improve appearance of lines and wrinkles

Contains Growth Factor (Cytokines) and DNA, which keep skin firm and helps prevent sagging and wrinkles.

Main Ingredient

Volufiline (Activates fat cells) / **DNA** (Enhances skin elasticity) / **EGF 7 Complex** (Prevents all-around skin aging)

EGF 7 COMPLEX : Growth Factors (Cytokines) increase and help maintain levels of structural fibers that prevent wrinkles and sagging.

How to use

Combine Wrinkle Effect Ampoule + W Booster + Stem Formula and apply 1/3 of solution.

Ceutisome Stem Formula 1Box (8ea) OCP8220

Ampoule containing Ceutisome™, which provides high concentrations of Oxygen to the skin. Immediately forms oxygen-containing layer on skin upon application.

CEUTISOME™ : A carrier consisting of oxygen bound microsphere

Ceutisome Benefits

- Patented ingredient
- Contains 35ppm of Oxygen
- Instantly delivers high concentrations of oxygen to skin
- Prevents skin aging and aids in activation of active ingredients
- Accelerates post procedure skin recovery

Main Ingredient

Perfluorohexane(Supplies Oxygen)

How to use

Mixing with Ceutisome Fusion shot of choice (according to skin type) increases the penetration of oxygen and active ingredients into the skin.

Patented ingredient (PATENT No. 1021160220000)

A component of cosmetics containing microspheres with high concentrations of oxygen and method of production

CEUTISOME SHOT : HOW TO USE

Ceutisome™ Microspheres that carry and deliver highly concentrated oxygen to the skin.

• Customizing Ceutisome™ Fusion Shot

- For one bottle of Ceutisome™ Ampoule (5g), add one bottle of Ceutisome™ Booster (2.5g) and ½ bottle of Stem Formula (2g)
- Shake well to mix thoroughly.

• Recommended Usage

- Before and after MTS, Peeling, Beauty device – 3ml per use (2~3 times)
- * Stem Formula can be used for spot treatment
